

Old Lund School NCRC Current Building Usage

Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
Playgroup	Daycare	Daycare	Daycare			
Lactation Support	Puddle Jumpers		Puddle Jumpers		Tai Chi	Yoga

Monthly meetings : Lund Community Society, Lund Water, Amma (oyster farmers).

Occasional rentals : Orca bus, community gathers, kitchen rentals, kayak training and regional meetings.

Outdoors: Play areas and soccer field. Clothing exchange. Ball bin.

Prior to COVID : pot-lucks, smaller gatherings... more below...

Hoped uses of old fire hall: Skate-board ramp, Free-store, Lund Bikes space.

Current users : considerations for future use that a new hall would help with.

- home school program using the preschool/big space for weekly activities
- toy lending library
- public nurse space to provide services in Lund
- reception area for informal gatherings...like coffee group, book club, art space etc
- having a gym space makes it possible to apply for grants to fund a youth activities facilitating activities for grade school children or even teens. These can be sports activities, cooking club, art and crafts group, board games night etc. Our attempts at doing this so far have failed because a parent would have to consistently volunteer...so momentum peters out and we also have no space to store any equipment or supplies
- With 50% of our Area A population over 50, we can also explore seniors programming and grant possibilities for support what's needed

Previous uses : here's a list of some of the past uses for the NCRC

Zoomba fitness, board game night, home school support programs, dance classes, summer camps, Lund Flea market, community potlucks, community cafe, ping pong, reunions, cooking classes, community meeting space for all kinds of groups, and more....

Classes include CPR/ first aid/baby saver/AED courses, naloxone training. Hosting parenting classes on guidance and discipline, also sleep management for young children. We had art glass cutting, painting, Ukrainian easter egg classes, and there used to be a sea shanty group that met for sing alongs.

If we look beyond what's happening now... let's look at what could happen... it's a versatile space... what's possible ? Anyone of us can put energy into making something happen... what do you see...

Complete the survey: **HAVE YOUR SAY...** what would you like to see in this shared multi-purpose community space ?
