# How would you and your family use it ?

NORTHSIDE  
COMMUNITY  
RECREATION  
CENTRE  
ADDITION

## The Plan

The qathet Regional District (qRD) has been awarded a \$4.2 million grant to expand the Northside Community Recreation Centre (NCRC) located in Lund/Klah-ah-men.

**Additional sq ft:** 6,920

**New facilities:** commercial kitchen, stage/theatre space, half-court gymnasium and storage space, accessible washrooms and a lobby/office. The centre will also serve as the official emergency shelter for this area in the event of a community disaster..

**Cost:** We'll get a brand new centre for just one third of the true \$6 million cost. The grant covers the majority while \$1.1 million will be borrowed by the qRD (approval pending), resulting in a modest tax increase (est. \$9 per \$100,000 assessed property value).

Service area:  
Area A, excl.  
Savary Island  
and Tishosum.

Preschool? Pick-up basketball? Tai Chi?  
Concerts? Book club?

## What's possible?

- Cultural events (ex: concerts, film, theatre performances, guest speakers, dances and more)
- Food processing / preparation for local growers or small businesses in the commercial kitchen.
- Recreational athletics for youth and adults (ex: basketball, fitness classes and more).
- Community gatherings (ex: group meetings, potlucks, cooking classes, weddings, etc.)
- Programs and resources to support youth, families and seniors facing social isolatons.

The NCRC continues to host preschool, daycare, playgroup, yoga, tai chi + tech tips programs.

**Tax increases are never welcome, but ...**

This investment in our community's future is well worth it! Current and future generations will gain great value for the dollars spent.

**Plus, the grant represents some of our federal/provincial tax dollars coming back to us!**

**IMAGINE THE POSSIBILITIES...**

## Don't miss out!

**Have your say by going online and telling us what you can imagine in this space for today, next year and for years to come ... If we had this facility, what would you do?**

## Remember ...

**These designs are not final**

It doesn't have to look this way

Yours and Community input is important to us and the qRD!

Once funding has been approved, the qRD will begin a community engagement process.
